Mineral Bluff

Features

Mineral Bluff, which features our new "elegant scrape" technique, has a subtle, timeworn look. It's a floor that evokes fond memories of grandmother's house—like taking a step back to a simpler time.

- 2 ¼"-wide solid hand-scraped oak
- The 2 ¼" width was popular in the early 20th century—so this oak, with its wire-brushed antiquing, gives a stylish retro feel. It's a classic that's also classy.
- Available in four traditional oak colors.
