For upscale, custom looks in resilient styling — and the plushest, softest feel underfoot — look to the luxurious Superior collection.

These exclusive designs include wide-plank European oak, sandstone in a rectangular pattern, naturalistic flagstone, slate in a variety of spicy earth tones, and intricate travertine limestone (in varied sizes and laid diagonally, which is very expensive in real tile).

Here are today's most desirable design extras — intricate patterns, richly detailed stones, high-definition imagery, hand-cut looks, wire-brush looks for one who doesn't want an average floor.
