Villa Pescara | *porcelain tile*

Villa Pescara

Features

This porcelain tile collection has antiqued edges for a rustic look much like stone flooring of the Old Country. With its swirled coloration — almost fossil-like — Villa Pescara is reminiscent of sandstone and suggests a coastal European feel.

- Available in two neutral colors:
 - 100 Avorio: Pale bone echoes clean lines of coastal Europe
 - 200 Beige: Subtle cream reflects antiquities of times past
- The 10 x 13 wall deco includes a glass insert
- Deco-inspired listello combines glass and tile

COF (Wet)	.50
Color Variation	Moderate

*OSHA (Occupational Safety and Health Administration) has established a recognized industry standard of 0.5 (wet and dry) for slip-resistant surfaces. The Americans with Disabilities Act (ADA) recommends, but does not require, "a Static Coefficient of Friction of 0.60 for accessible routes and 0.80 for ramps." ADA does not specifically state that 0.60 is both a dry and a wet requirement. It is important to note that any tile or other hard surface flooring can become slippery when wet or improperly maintained. Products installed in an exterior application must comply with applicable ANSI 108 series of the "American National Standard Specifications for the Installation of Ceramic Tile" and comply with TCA installation methods applicable to installation conditions.

Approved Usage
