Autumn Ridge

Features

This 5" engineered hand-scraped maple features an artisan scraping process that sets Autumn Ridge apart with chattering and lots of character.

A added touch is the process of hand coloring, multi-step staining in which each color layer is hand-rubbed. The process adds contrast and depth, emphasizing the scraping while saturating the planks with color. Cheaper competitive products can't compare with our quality or beauty.

- Lustrous satin finish in four stunning colors—for a warm, elegant look.
- Stellar advantages of Epic with EnviroCore: harder-denser-greener, extremely eco-friendly, easy to install, breathtaking styles, and outstanding performance.
